

Monark Rock drilling tools

Monark

is one of the world leading producers off percussive drill steel, like integral drill steel, tapered rods, plug hole rods, threaded rods, button bits and furnace tapping equipment. We serves all continents with products produced in Hof, Norway and Ockelbo, Sweden.

Monark has distributors which carry a large inventory in 60 countries.

We provide drilling solutions to mining, quarrying and construction all over the world, and keep a large stock off standard products.
